americustire.com

The Recon H/T is a commercial grade light truck tire with multi-ply casing construction to handle heavy workloads. Large circumferential grooves evacuate water for improved traction in the rain. Optimized zigzag siping provides excellent traction and braking performance in wet and light snow conditions. A solid shoulder design provides superior resistance to irregular wear and added stability for higher loads and trailering. The Recon H/T is backed by our No Questions Asked, 25/365 Free Replacement Limited Protection Policy.

RUGGED A/T^R

The Americus Rugged A/T^R is our next generation of aggressive all-terrain tires designed to kick-start your adventure. With advanced 3D siping technology and rigid interior blocks, the Rugged A/T^R provides exceptional handling on wet and dry surfaces, while the studdable shoulder lugs and an all new 3PMSF rated tread compound means it handles mud, snow and ice with ease. Carrying an improved **50,000-mile** limited treadwear protection and backed by our No Questions Asked, 25/365 Free Replacement Limited Protection Policy on all sizes, the Rugged A/T^R is the ultimate all-terrain tire.

RUGGED M/T

The Americus Rugged M/T is a premium high-void mud pattern with large shoulder blocks for deep traction and crisp handling in on and off-road conditions. The self-cleaning tread has "thunder-bolt" stone ejectors. The joint-less spiral nylon over-wraps provide extra toughness and 3-ply body plies (in larger sizes) helps protect against sidewall impact. The Rugged M/T is backed by our No Questions Asked, 25/365 Free Replacement Limited Protection Policy.

The Americus ST Radial features a micro-positioned fiber reinforced belt package for extra strength and durability. The unique tread design features enhanced hydroplaning protection and stability. The sidewall is formulated for extra ozone protection and the tread compounded for low rolling resistance and improved heat dissipation. The ST Radial is backed by our No Questions Asked, 25/365 Free Replacement Limited Protection Policy.

AMERICUS TIRES LIMITED PROTECTION POLICY

Thank you for your interest in Americus brand tires for your vehicle. We are proud of the quality and performance of the wide range of Americus products and we understand that your continued satisfaction is essential to our success.

ELIGIBILITY

This Limited Protection Policy applies to Americus brand passenger, light truck and specialty trailer tires purchased on or after January 1, 2020, or, in the absence of proof of purchase, tires with a manufacturing DOT code reading DOT 0120 or later. Eligible tires are covered by this Limited Protection Policy for up to 60 months from the date of purchase or tire manufacturer date. This Limited Protection Policy applies to the original owner of new Americus branded passenger, light truck and specialty trailer tires that are operated in normal service and used on the same vehicle on which they were originally installed according to the vehicle manufacturer's recommendations. Only Americus tires purchased and operated in the United States and Canada are covered by this Limited Protection Policy. For Americus branded product purchased thru an online retailer, a tire claim must go back to the original selling Americus dealer. The online retailer where the Americus branded product was purchased would need to facilitate the claim with that authorized Americus dealer on the consumer's behalf.

WHAT IS COVERED BY OUR EXCLUSIVE NO QUESTIONS ASKED, 25/365 FREE REPLACEMENT LIMITED PROTECTION POLICY?

The Americus No Questions Asked, 25/365 Free Replacement Limited Protection Policy will fully cover (100% credit) all eligible Americus brand passenger, light truck and specialty trailer tires should one become unserviceable due to defective workmanship, materials, road hazard or a condition other than those listed below during the first 25% of usable treadwear or one year from date of purchase, whichever occurs first.

Tires not eligible for the No Questions Asked, 25/365 Free Replacement Limited Protection Policy that are removed from service due to a covered condition will be replaced with a comparable new Americus brand tire on a prorated basis for a period up to 60 months from the date of purchase or tire manufacturer date, or when the treadwear indicators become visible (worn to 2/32"), whichever occurs first.

WHAT IS A COMPARABLE TIRE?

A comparable tire may be either the same line and pattern of tire or, in the event that the tire is not available, a tire of the same construction and quality with a different sidewall or tread configuration. If a higher priced tire is accepted as replacement, the difference in price will be at an additional charge to the owner. Any Americus brand replacement tire provided pursuant to this Limited Protection Policy will be covered by the Americus Limited Protection Policy in effect at the time of replacement.

MILEAGE COVERAGE PLAN

If an eligible tire wears down to the treadwear indicator bars (2/32") and the tire has not delivered the miles specified below, Americus will provide a prorated adjustment based on actual mileage delivered. The cost of mounting, balancing and any other service charges including applicable taxes are excluded from reimbursement.

| Pattern | Coverage Plan (Miles/Km) | 25/365 | Workmanship & Materials (Mo.) |
|-------------------------|-----------------------------|--------|----------------------------------|
| Recon Sport | 45,000/75,000 | Yes | 60 |
| Sport HP | 60,000/100,000 | Yes | 60 |
| Touring Plus | 60,000/100,000 | Yes | 60 |
| Recon CUV | 60,000/100,000 | Yes | 60 |
| Rugged All Terrain | 55,000/85,000 | Yes | 60 |
| Rugged A/T ^R | 50,000/80,000 | Yes | 60 |
| Rugged M/T | N/A | Yes | 60 |
| Commercial LT | N/A | Yes | 60 |
| Recon HT | N/A | Yes | 60 |
| ST Radial | N/A | Yes | 36 |

The Mileage Coverage Plan applies only to the original purchaser and the tires have been used only on the vehicle on which they were originally installed according to the vehicle manufacturer's recommendations. The Mileage Coverage Plan does not apply to tires used in commercial applications. Tires that have not been rotated at least every 6,000 miles as evidenced by a completed rotation schedule are excluded. Likewise, tires in service for more than 60 months regardless of mileage attained are excluded.

WHAT IS NOT COVERED BY THIS LIMITED PROTECTION POLICY?

 Improper operation or maintenance. This includes, but is not limited to, effects caused by improper tire inflation and/or improper load/speed practices and/or improper or insufficient tire rotation.

- Wear due to improper vehicle alignment including but not limited to, uneven, cupping, irregular, spotty
 and feathering wear
- Deliberate abuse or vandalism
- Ride or vibration complaint after the first 1/32" of treadwear
- Damage due to snow chain usage, improper mounting/dismounting or automotive accident
- Tires used in commercial applications are not eligible for 25/365 or Mileage coverage where applicable.

OWNER'S OBLIGATIONS

To make an eligible claim under this Limited Protection Policy, tires must be rotated with the prescribed rotation patterns as recommended by either the vehicle owner's manual or an authorized Americus tire dealer. Owner must present an original tire sales invoice indicating the date of purchase, tire description and odometer mileage. Adjustment tires must be presented to an authorized Americus dealer and those tires replaced become the property of Americus Tires. Installation charges such as mounting, dismounting and balancing, as well as, any applicable taxes and government-mandated charges on the services rendered at the time of adjustment is the owner's responsibility. Adjustment claims must be completed on an approved claim form, supplied by an authorized Americus dealer, and submitted at time of adjustment.

WHAT ARE YOUR LEGAL RIGHTS?

No Representative or Dealer has authority to make any representation, promise or agreement on behalf of Americus, except as stated herein.

Any tire, no matter how well constructed, may fail in service or otherwise become unserviceable due to conditions beyond the control of the tire manufacturer. Under no circumstances is this Limited Protection Policy a representation that a tire failure cannot occur. This Limited Protection Policy gives you specific legal rights and you may also have other rights that vary from state to state or province to province.

DISCLAIMER

This Limited Protection Policy is in lieu of, and Americus Tires hereby disclaims, any and all other Limited Protection Policies and representations, express or implied, including without limitation any Protection Policy of merchantability of fitness for a particular purpose, and no other Limited Protection Policy or representation of any kind is made by Americus Tires or shall be implied by law. This Limited Protection Policy is subject to change without notice.

LIMITATION OF DAMAGES

In no event and under no circumstance shall Americus Tires be liable to the buyer for any indirect, special, incidental, consequential, lost profit, loss of business, loss of goodwill or reputation, punitive or other damage, cost (including for replacement transportation), expense or loss of any kind. Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

AMERICUS TIRE CARE AND MAINTENANCE GUIDE

Proper inflation pressure is essential for optimum tire performance, safety, and fuel economy. Check for proper inflation pressure at least monthly while tires are cool, as tires will warm up from use after several miles so it is best to check before driving. Use a quality handheld accurate air pressure gauge. It is best to occasionally have your Americus tires inspected by a professional tire shop, as it is difficult to tell just by looking at radial tires whether they are under-inflated or over-inflated. Furthermore, when operating a vehicle equipped with radial tires, it is difficult to notice when a tire has gone flat or nearly flat since the handling of the vehicle may not deteriorate significantly. Remember to always maintain inflation pressure at the level recommended by the vehicle manufacturer as shown on the vehicle placard, on the vehicle certification label or in the vehicle owner's manual.

Evidence of air loss or repeated under-inflation always requires expert inspection to determine the source of leakage and tire removal to determine repairability. To avoid injury, NEVER attempt to re-inflate a tire that has been in operation severely under-inflated. Progressive air loss may result from a variety of conditions such as punctures, cuts, curbing, impacts or partial bead unsealing. Some installation or fitment causes for air loss are (1) incomplete bead seating, (2) tearing of the tire bead caused by a machine tool due to insufficient lubrication or improper adjustment, and (3) leaking valve core or rubber valve components. These should be corrected or replaced when problems are detected and/or whenever tires are replaced.

Under-inflation is the leading cause of tire failure and may result in severe cracking, component separation or complete loss of air. Under-inflation reduces tire load carrying capacity, allows for excessive sidewall flexing and increases rolling resistance, resulting in potential heat build-up and mechanical damage. Maintaining proper inflation pressure is the most important thing you can do to help promote tire safety, durability and maximize tread life.

Over-inflation will deteriorate ride quality, reduce braking ability and generate unwanted vibration. Overinflation also increases the chances of impact damage.

DON'T OVERLOAD YOUR VEHICLE

The maximum load capacity stamped on the sidewalls of P-metric tires is reduced by ten percent when used on a light truck, utility vehicle or trailer. Never fit P-metric tires to light trucks that specify LT-type replacement tires.
